Query 1: The institution is requested to submit the application for Name change to AISHE and same to be intimated to NAAC through screen short of the AISHE portal of name changed.

Reply to the query: The same query was raised in the second phase of IIQA clarification. The process of name change was initiated and the name of the institution in the AISHE portal has been changed already and the screenshot was submitted along with the reply in the second IIQA clarification. Even then, the same clarification has been raised by DVV in the present clarification. The screenshot of the AISHE portal of the institution is attached below which reflects the current name of the institution (Trichy SRM Medical College Hospital and Research Centre).

The screenshot shows the AISHE (All India Survey on Higher Education) portal. The user is logged in as a College Officer. Query 2: You are requested to edit the name in IIQA and if the institution is not able to edit, you are requested to raise the issue in the portal.

Reply to the query: The same query was raised in the second IIQA clarification and we have raised a query through the HEI's portal on 22.11.2022 and we have received a reply to follow the standard process of name change in the portal, which we have done already. We also tried to speak to the helpdesk but were directed to raise a query on NAAC portal.

The screenshot of the documents for name change uploaded in the HEI's portal is attached below.

It was raised by "CHENNAI MEDICAL COLLEGE HOSPITAL AND RESEARCH CENTRE". The reason to escalate is "Please do the needful". The query text states: "In the second phase of IIQA clarification, it was mentioned that the name of the HEI in the IIQA needs to be edited. Name of the HEI cannot be edited from the institution's NAAC portal (Edit option to change the institution name is not enabled in HEI's portal).
